Legislature USVI

Source recording	https://youtu.be/0ppU_wvhtt8
Status	This is a working transcript produced by machine from a recording of a public proceeding. It is a finding aid, not an official record of the Legislature.
Transcribed by	VI Update, using OpenAI Whisper large-v3-turbo, run locally. Not reviewed by a person.
Reliability	Automatic transcription, UNVERIFIED. Verify every quotation against the recording before relying on it. Speech recognition splits spoken digits and wraps figures mid-number, so a dollar amount, a vote count or a bill number can be wrong in a way that reads as correct. Speakers are not identified: automatic speaker labelling was measured unusable and removed.
Public record	The underlying proceeding is a public record of the Legislature of the Virgin Islands. 3 V.I.C. § 881(a) defines public records to include all records and documents of or belonging to this Territory or any branch of government, or any "department, board, council or committee of any branch of government" · which names legislative committees by category. § 881(b) gives every citizen the right to examine and copy such records, and the news media the right to publish them. (The open-meetings chapter, 1 V.I.C. § 254, does NOT reach the Legislature: § 253(b) expressly excludes it and its Standing and Special Committees. § 881 does, and it is § 881 that confers the right to copy and publish.) The Legislature broadcast this proceeding publicly itself. The source recording is not ours, is not hosted here, and remains with its publisher at the link above.
Rights	To what we added · the transcription, its arrangement and its description · we assert nothing. A verbatim transcript is mechanical rather than authored, so there is likely nothing in it to own; to the extent any copyright is nonetheless found to subsist, it is dedicated to the public domain under CC0 1.0. Please copy it, quote it, index it, train on it, republish it, mirror it, sell it. Redistribution is the point: a public record with one copy is one fire from gone. No permission is needed, and none is ours to grant or withhold.

Mr. President and colleagues, I do not recall the exact date that this bill was in session, but it was held for a number of things concerning, at the time, a survey was not feasible at the time, but we wanted to speak to the Department of Tourism and get additional information concerning the historical nature of cuisine here in the Virgin Islands, and it was deemed and determined that fish and fungi, in fact, is one of the oldest traditional meals that has been prepared here in the Virgin Islands, and with having discussions with the Department of Tourism and, of course, information that was

People named in this transcript

SUSPECTED, and a finding aid only. Names were matched by machine against the spellings used across all 426 of our transcripts, and the title is the one used in the room. Being named here is NOT evidence that a person attended or spoke - only that the name was said. Speech recognition mishears names, so a spelling may be wrong even where no alternative is offered.
