Post Office Notice

COMMENCING Saturday, Oct. 23, 1921, this office will be closed on Saturdays at 4 p. m., and the hour for closing the mail for Saint Thomas, Porto Rico and the United States will be extended to 4 p. m., instead of 3 p. m. as at present. This change is occasioned by the fact that owing to the continuous demand for service at the post office windows on Saturdays until 5 p. m., it is practically impossible to divert the necessary attention to closing and dispatching the mail which should reach Frederiksted at a certain hour, and entails considerable time to make up. While general business will be suspended at 4 p. m., the public will gain one hour additional in which to catch the outgoing mail, and it is calculated that this arrangement should redound to mutual advantage for patrons and the service. As regards the mail from Frederiksted, it is so arranged that this will be delivered by 4 p. m. The earnest cooperation of the public is invited in observing the proper hours in which post office service will be given patrons, and it must be enjoined that, while it is sincerely desired to extend the maximum facilities an accommodation to all patrons at all times, demands for service when the office is necessarily closed for the taking up of specific duties, manifestly operate against the efficiency of the service and should be discouraged.

There is Strength in Every Tablet

One dose often helps commence to enrich your blood and revitalize your system without exhausted nerves. Nourished from the inside, like the iron in your blood, and like the iron in your stomach, it is so prepared that it will not injure the teeth nor disturb the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim the alloy iron which people usually take is not absorbed at all. If you are not strong or well you owe it to yourself to take the following test. See how long you can walk or how far you can walk without becoming tired. Now take two five-grain tablets of **Iron** and repeat the test after two weeks. Then test your strength again and see how much you have gained. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all druggists.

Read this Important Paragraph from
a letter from the Factory of the
famous Tires

VIKING CORD

THE TIRE OF SUPERIOR QUALITY
AT A MODERATE PRICE

"We pay our Workmen in Tires a very high wage. We keep the number of each Tire which each man makes. Then, if there are any just complaints, we refer to the number of the Tire, and the man who has made it have to pay the claim. The workmen agree to this, because they receive very much higher pay than is customary in other factories; and by having to pay the claim there is any--is undoubtedly the cause that they take special care in the construction of these tires; and to this is due the great record of the 'Viking Tires'."
