WHAT A TONIC DOES FOR YOU

AND WHY YOU NEED IT, IN SO MANY
INSTANCES WHEN YOU ARE RUN DOWN,
NERVOUS OR HAVE HAD TO ENDURE
GREAT STRAIN OR WORRY OF ANY KIND.

A tonic is something which puts tone,
energy, strength and endurance into you.
It gives a push to your heart, making it
pump the blood over your body more
vigorously; it makes your lungs expand
more fully and thereby take up more
strength-giving oxygen from the air you
breathe; it makes your kidneys work
better and carry off the poisons which
would otherwise accumulate in the body;
it makes your digestive apparatus perform its
work better and give your blood the material
it needs for feeding and sustaining your body; it
makes your brain act more vigorously and en-
ables you to think more accurately and for long
periods without fatigue, thus bringing you
greater success in whatever business, profession
or undertaking you are engaged.

When you are run down, nervous, half sick,
down-hearted and about ready to give up, ex-
perience of many years has shown that one of
the best remedies to pull you out of this bad
predicament is good old organic iron. But be
sure the iron you take is organic iron, the kind
that is found in plants, and not metallic iron
which people usually take. Organic iron may be
had from your druggist under the name of
Nuxated Iron. It often increases the strength,
energy and endurance of weak, nervous, tired
out folks in two-weeks time. Beware of sub-
stitutes. Always look for the word "Nuxated"
on every package and the letters N. I. on every
tablet. Sold by all druggists.
