

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION II

DATE: MAR 17 1995

SUBJECT: Tutu Wells Site; St. Thomas, USVI
Draft FS Report

FROM: Carole Petersen, Chief
New York/Caribbean Superfund Branch II

TO: Addressees

Attached for your review is a copy of the Draft Feasibility Study Report (FS Report) dated March 1995 for the Tutu Wells Superfund Site located in St. Thomas, USVI. This Site is a PRP-lead project. A Record of Decision is anticipated for this Site on or before September 30, 1995.

Please provide your comments by Thursday, April 13, 1995 to Caroline Kwan of my staff. To facilitate comment integration, please submit all comments via both LAN and interoffice mail. Additionally, should the draft FS Report not be required for your files, please return this document upon completion of your review.

All other documents generated in the course of the investigation are available. Should your staff require any of these documents during the review or have any additional questions, please direct them to Ms. Kwan at extension 4275.

Thank you for your cooperation.
