MOST PITIFUL SIGHT IN LIFE

a man or woman who has no "will-power" as a result of nerve force exhaustion

All the physical suffering which may be caused by nervous irritability, headaches, backaches, indigestion, heart palpitation, etc., as a result of nerve force exhaustion, are nothing as compared with its awful effects upon the mind and "will power."

The most pitiful sight in life is a man or woman who has "no will"—who has noble impulses and desires but not enough "will power" to carry them through. The memory also fails, the judgment is bad and everything therefore seems to go wrong.

In such cases, do not take mere stimulating medicines nor narcotic drugs (which only further injure your delicate nervous system), but what you need is something to put more nerve force into your nerves and more iron into your blood to help make new nerve force with which to feed your starving nerve cells. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product contains the principal chemical constituent of active living nerve force in a form which most resembles that in the brain and nerve cells of man. It also contains strength-giving organic iron for the blood and may therefore be said to be both a blood and a nerve food. Over 4,000,000 people are using it annually. Satisfactory results are guaranteed to every purchaser or the manufacturers will refund your money. Beware of substitutes. Look for the word "Nuxated" on every package. Sold by all druggists.
