WHAT IS IT WORTH TO BE SURE?

Behind the Goodyear Tire you buy today is a tire making experience that is perhaps unequalled in all the world.

Over a period of nearly a quarter of a century millions of Goodyear tires have been put to test by the public.

The reputation that is Goodyear's today could have been won by nothing less than extraordinary quality in Goodyear Tires.

The sales could be the result of nothing else than a product of indubitable worth.

That product has never been so good, never so serviceable as now.

You are sure of utmost mileage, comfort and freedom from trouble when you buy Goodyear Cord Tires.

Yet you get these things in Goodyear Cord Tires for no more than you are asked to pay for many other ordinary tires.

You get them in larger measure now than at any previous time.

You get them at lower cost than ever before.

GOOD YEAR

MADE IN CANADA.
