"JACK DEMPSEY"

HEAVYWEIGHT CHAMPION OF THE WORLD.

IN

"DAREDEVIL JACK"

Jack Dempsey, champion heavyweight, plays the title role and puts many convincing punches into the picture. Dempsey is youthful enough to fit into the romance of the story, developing later in this picture which has more to do with punches than with smooches. Believe me, it is Real Punches, not Stage Punches.

The Story:

Jack Derry in "Daredevil Jack" accidentally becomes involved in a mystery surrounding Glory Billings, when fate makes him her rescuer in a kidnapping episode.

In the early stages of the story two prospectors are searching for gold in a western desert. One of them is obliged to return to the settlement with his sick wife. The other, after promising his partner a half interest in what he finds, continues with his little girl into the wilderness. The story then skips several years ahead, and we find the girl, Glory, living in the home of her guardian, Leonard Billings. One day, when she is motoring along the country road alone she is stopped and seized by three men with whom she is struggling when Jack Derry, a college athlete, happens to come along in time to beat off the kidnapers and rescue the girl.

As the story develops Billings is found in possession of a secret field of glory, to the effect that her father, on his last prospecting trip, discovered an Arabian basin of pure oil. In the various exciting situations that develop, Derry always on hand, usually through the information sent him by the Billings' butler, as the rescuer of Glory.

The story becomes even more interesting when a new complication appears. It so happens that Billings has been instrumental in placing Derry's father in prison, by getting him to sign a paper purported to be a release of certain mining interest in favor of Billings, but which is in reality a confession framed by Billings' to place Derry in prison and to relieve him self of certain obligations.
