Read this Important Paragraph from a letter from the Factory of the famous Tires

VIKING CORD

THE TIRE OF SUPERIOR QUALITY
AT A MODERATE PRICE

"We pay our Workmen in Tires a very high wage. We keep the number of each Tire which each man makes. Then, if there are any just complaints, we refer to the number of the Tire, and the man who has made it have to pay the claim. The workmen agree to this, because they receive very much higher pay than is customary in other factories; and by having to pay the claim in there is any—is undoubtedly the cause that they take special care in the construction of these tires; and to this is due the great record of the "Viking Tires".
