view sought by the editor of that paper, with Lieut. Pettigrew, regarding the latter's alleged criticism of medical affairs in the then Danish West Indies, in which connection Mr. Pettigrew is said to deny the truth of the statements ascribed to him, and to be astonished at the whole affair. It would be none the less interesting to learn where "Nordlyset" got its information from, and an early explanation from that paper will be looked for.

Local.

From the advertisement in the issues of yesterday and today, it will be noted that the brilliant feature film "The Beast of Berlin" will be exhibited for the second time, tonight, at the Christiansted Theatre, now at regular prices of admission. Quite a success was scored at the previous exhibition, and there are doubtless many who would like to see the show repeated.

STAR-SPANGLED BANNER.

FRED. C. JACKSON, JR.,
Bandmaster.

The Sloop "Go-on" sailed for St. Thomas this morning with the mails from this island. The Creole has gone to Frederiksted to load cargo from the New York boat which was expected to arrive at St. Thomas this morning.

Miss Nanca Schoen, matron of the Children's Home in this town is returning to the States by Korona today, on account of ill health which it is trusted will be fully restored to permit her again taking up the work here where she has won many friends during her short sojourn.

It is remarked that the street light at the crossing of King and King Cross Streets has not been burning lately. As this is an important junction of road-traffic, the absence of the light is being commented on, and some attention should be given to the matter.

From the advices of arrival and departure of the s. s. "Korona" along the southern islands, it is not expected that she will arrive at Frederiksted before this evening.
