

GOVERNMENT OF THE
VIRGIN ISLANDS OF THE UNITED STATES
ST. THOMAS.

Executive Order No. 2--1923.

IN order that complete and accurate record may be kept of persons who arrive in the Virgin Islands, especially aliens, there will hereafter be kept at the ports of St. Thomas, St. John, Christiansted and Frederiksted, a book to be known as the Immigration Record in which will be recorded the following data concerning persons arriving in the Virgin Islands:

1. Full name.
2. Age.
3. Sex.
4. Color.
5. Date of arrival.
6. Name of vessel.
7. Citizenship.
8. Former residence.
9. Occupation.
10. Local address.
11. Remarks (description of passport, length of stay and other pertinent information).

The information necessary to complete this record will be procured under the cognizance of the Directors of Police in St. Thomas and St. Croix, and the Despatching Secretary at St. John. Each vessel carrying passengers will be boarded by an official from the above offices when the necessary data will be secured to be later transposed to the permanent Immigration Record. Captains of vessels will not be permitted to land passengers until the data for this record have been obtained.

Passengers who remain in a port of the Virgin Islands only during the stay of the ship, and who depart with it, need not be recorded.

The data required by the Immigration Record are in addition to the requirements of existing laws regarding Immigration, foreigners, etc. in the Virgin Islands. The practice of requiring captains of ships to furnish passenger lists will be continued.

WITNESS MY HAND and the Seal of the Government of the Virgin Islands of the United States at St. Thomas this fifteenth day of May, nineteen hundred and twenty-three.

HENRY H. HOUGH,
Governor.

**WHY YOU NEED
IRON—**

**To make you strong and "brave"
and put the power into your
blood to overcome disease germs**

The food you eat contains carbon. When your food is digested it is absorbed from the intestines into the blood. When the carbon in your food comes in contact with the oxygen carried by the iron in your blood, the carbon and oxygen unite and by so doing they give off tremendous energy, thereby giving you great force, strength and endurance. Without iron your blood carries no oxygen and without oxygen there is nothing to unite with the carbon in your food, so that what you eat does you no good—you do not get any strength from it—It is like putting coal into a stove without a fire. You cannot get any heat unless the coal unites with the fire.

The strongest weapon with which to prevent and overcome colds, pneumonia, kidney trouble, rheumatism, nervous prostration, in fact almost any disease or disease germs is a plenty of good iron, pure blood, strength, energy and endurance and the greater energy carrier in the body is organic iron, not metallic iron which people usually take, but organic iron like the iron in spinach, lentils and apples, and like the iron contained in what is known as organic liquid iron, which may be had from almost any druggist. Liquid iron often increases the strength, energy and endurance of weak, nervous, run-down folks in two weeks' time.

It has been used and highly recommended by former United States Senators, Members of Congress, Judges of U. S. Courts, many physicians and prominent men.

Over 4,000,000 people are now using it annually. Satisfactory results are guaranteed or the manufacturers will refund your money. Sold by all druggists in tablet form only.

Distributors: Apothecary Hall,
St. Thomas.
