**RE: Site Access Notice
Four Winds Plaza
St. Thomas, U. S. V. I.**

Dear Attorney Cepeda-Rodriguez:

On May 20, 1993 we wrote to Attorney Carlos Colon in response to his letter of May 19, 1993 regarding TEIC's desire to install and sample two additional monitoring wells at Four Winds Plaza. In that letter we requested certain information which we will require to permit access to the property for the purposes outlined to us. To date we have not received a response from your firm. As the work is scheduled to begin on June 14, 1993, please be advised that access will not be permitted until the information we requested has been provided to us.

Very truly yours,

John K. Dema, Esquire
